

INTRODUCING OUR NEWEST TECHNOLOGY

CUTERA®

FACE + BODY AESTHETIC SOLUTIONS

enLIGHTEN™
PICO + NANO
Technology

Removing the full range of tattoos and pigmented concerns requires the ideal combination of technologies—the right wavelengths, the right pulse durations and the right energy levels. enLIGHTEN™ brings those features together in one complete system—NOW with PICO 670.

NEW! Offer the novel, non-thermal way to treat pigmented and aesthetic concerns with PICO Genesis™.
